

KINZE Vision - Download & Install Directions:

1. Click on Download on the Firmware screen.
2. When the File Download box pops up click on Save.
3. Your Modem speed will determine how long it will take to download the file. Times will range from a several minutes to over 1 Hour. Typical times for 56K modems will be 75 minutes.
4. Another window will pop up and select where you would like to save file name KZ_Vision_5.5.0.0.zip (Would Recommend to save on your desktop)
5. Click Save
6. Click Close on dialog box
7. Find the file named KZ_Vision_5.5.0.0.zip (Will have a zipper on the file) from the desktop or location you saved the file in and right click on it and select extract all.
8. Follow through the wizard and save the extracted file to your desktop or location of your choice.
9. Click finish.
10. Find the file named KZ_Vision_5.5.0.0 (Without the zipper on the file) and place that file on the compact flash card that has come with your display.
11. After Moving the file to your compact flash card follow steps in your Kinze Vision Manual to upgrade your display.
